

Annex-1: Questionnaire for Leopard Census

Village: _____

Nearest forest compartment _____

Union Council: _____

District: _____

Leopard sighting information

- Name of respondent: _____
- Age: _____ Sex: _____
- Profession: _____
- When did you see a leopard in your area?
- Month: _____ Year: _____
- Nearest land mark of the sighting Place:
 - Thick vegetation Open land Nullah /stream bed
- GPS reading (sighting place): _____
- #. of leopards sighted in whole of your life: _____
- Full grown: _____ Young: _____
- Activity of the leopard when sighted:
 - Walking Resting Eating/attacking
- Is same leopard was seen earlier also? Y / N
- If yes, can it be seen easily? _____
- If yes, how many times? _____
- Is the number of leopard increasing or decreasing?
- Any reason?

Annex-2: Track Monitoring Data Sheet

TRACK DATA SHEET	(Common Leopard Species)
-------------------------	---------------------------------

Observer (s)	Team:
Date:	Time:
Track No. (Location)	
Forest type	Weather

- 1. Leopard sign observed:** Track/ Feces/ Scrapes/ Urine/ Dragging
- 2. Location of sign:** Along trail/ crossing trail/ in forests/ in village
- 3. Location of sign:** On ridge top/ along water way/ on slope
- Note:** if slope, please specify slope direction: Up or down slope and slope facing: N/ S/ E/ W

4. Remarks:

5. TRACK MEASUREMENTS:

- 5.i Track in number:**
 - 5.ii Left foot/ right foot/ Unknown:**
 - 5.iii Front foot/ hind foot/ unknown:**
 - 5.iv Track length (L1):**
 - 5.v Track width (W1)**
 - 5.vi Track spawn (L2):**
(distance between first Step1 and second Step2)
 - 5.vii Front toe width (W1-W2):**
 - 5.viii Cast of track was taken: Yes/ No**
 - 5.ix Distinctive mark on track:**
 - 5.x If sign is feces, did you collect a sample of it? Yes/ No**
- 6. Did you take photograph?**

Annex-3: Livestock Depredation Survey

Village: _____

Union Council: _____

District: _____

General Information

- o Name of respondent: _____
- o Relation to affectee: _____
- o Age: _____ Occupation: _____
- o No. of houses in the settlement: _____
- o Name of the nearest forest compartment to the settlement: _____
- o No. of family members of affectee: _____
- o Approx. # of livestock of all kinds in the settlement: _____
- o Major kinds of livestock by %age: _____
- o Average # of livestock per family: _____
- o Avg. loss of livestock per year because of diseases: _____
- o Trend in livestock population: 1995 _____ 2004 _____
- o No. of dogs in the village: _____ Stray dogs _____ guard dogs _____
- o Loss of poultry: (1) due to disease _____ (2) Due to predator _____

Livestock Depredation

- o Date of incident: _____
- o Time of incident: _____
- o Kind & age of Livestock: _____
- o Killed or Injured
- o Where? Inside home or out in grazing area
- o In a herd or alone
- o In the presence of herder or without any herder
- o Watched by dog Yes or No
- o Compensation received: _____

Leopard behavior during attack

- o Was leopard sighted in vicinity? Yes or No
- o if yes, since how many days? _____
- o Attack was accidental? Or stalked? Face on? Or from back
- o Which part of the animal was attacked and eaten? _____

- GPS reading of attack & hiding site: _____
- GPS reading of site where dragged to: _____
- How does the habitat look like where the animal was attacked?

Habitat Analysis of site attack

- Terrain: Steep _____ Gradual _____ Flat _____ Valley _____
- Type of vegetation?
- Nearest forest from attack site:
0-100m, 100-500m, 500-1000m, >1Km

- Any significant landmark such as stream or riverbed?

At site of attack

- Count # and distance of houses around:
Houses (Isolated) _____ (In hamlet) _____
Paka _____ Kacha _____
- Attacked done in open or in corral
- Was the corral secured or open?

Past history

- When was the first incident occurred (month & year): _____
- When was the last occurred (month & year): _____
- How many incidents in between? _____
- Did severity of attacks co-inside with maximum sightings? _____
- Approx. time, which the livestock spend around villages _____
 - Stall _____ Pastures _____

Annex-4: Pugmark survey Field Photographs

D. Pugmark Survey on Pipeline Track

E. Preservation of Tracks

F. Paw Impression Pads Establishment at Lalazar Track
