2009 D.C. Marine Celebration

6-10pm 5th November

Rock Bottom Brewery, Ballston, Arlington, VA

Happy hour celebration with SCB, DCMC, WAN and GMU, bringing the areas top marine networks together for the first time!!

With FREE Appetizers!

2009 has been quite a year for the U.S. marine community. From the launch of Google Oceans, through the huge success of the International Marine Conservation Congress, to the release of the National Ocean Policy Task Force Interim Report, there's been much to celebrate. But there is also still much to do.

To encourage celebration and facilitate networking for future successes, the D.C. Chapter of the Society for Conservation Biology (SCB) and the SCB Marine Section have teamed up with IUCN's D.C. Marine Community (DCMC), the Women's Aquatic Network (WAN) and the GMU Environmental Science & Policy Graduate Student Association to bring you (the 1st Annual?) D.C. Marine Celebration.

We invite you to attend this event, which will be held from **6 to 10pm** on the **5th November 2009** at **Rock Bottom in Ballston, Arlington**, in honor of their now-legendary contributions to the IMCC. **Appetizers will be provided.**

The SCB Marine Section will have a few remaining *LIMITED EDITION* IMCC logo beer glasses for sale.

Please RSVP to Megan Draheim (mdraheim@gmu.edu) by 2nd November.
